Weight Loss Drugs

We understand the media is reporting that Mounjaro is now available under the NHS; however its really important to note that this is ONLY for a limited group of patients.

We cannot offer any weight loss drug for cosmetic or general weight loss

For more information visit:

Newsletter

July - September

Staff News

We would like to welcome Dr F Aboulela who will be joining us for three days a week from 12th August.

We are sad to inform that Practice Nurse Tanya will be leaving us on 22nd July 2025 - We wish Tanya the best of luck in her next venture.

Are you a Carer?

If you provide unpaid care for a few hours a day or round the clock to a friend or relative that could not manage without your support you are a carer.

You may not realise you are a carer and feel you are simply being kind by looking after the family member or friend.

There is support available to help make things easier. You could also be entitled to Carer's personal budget, carers allowance, respite services and grants for the home.

The Carers' Hub provides support including social events, coffee and chat groups, 24/7 talk CHAT line + more.

Enhanced Access

Following a majority vote made by the GP board members of Middleton Primary Care Network, From 1st July 2025, the Enhanced Access Service (Evening and Saturday appointments) will no longer be held at Peterloo Medical Centre.

All Enhanced Access appointments will now be held at Woodside Medical Centre.

If you have any feedback regarding this change, or about the service you receive - please email peterloo.information@nhs.net

Digital Workshop

Patients are welcome to join us for a Digital Workshop. Where patients can learn how to use the NHS App and PATCHS.

Contact Briana or Sophie at the surgery to register your interest in attending the next workshop.

Did you know that you can submit any non-urgent medical requests, sick note extensions and medication requests via PATCHS?

You can access PATCHS via the Practice Website or if you have the NHS App, you can log directly into PATCHS via the App
